Transit & Pedestrian Improvements

The preliminary designs for the UMed pedestrian and transit project are nearly complete! Please stop by the open house to review the designs and to provide comments. Will the proposed changes improve your ability to walk, bike drive or catch a bus on Providence Drive? Come let us know.

Members of the general public planning to drive to campus for this meeting should park in the parking garage to the west of the library. There is a \$1 per hour fee. You must have a UAA parking permit to park in any other location.
