

## Glenn Highway MP 34-42 Reconstruction

Parks Highway to Old Glenn Highway  
ADOT&PF Project 58104/ Federal Project NH-0A1-5(24)

### Project Scope

The Glenn Highway reconstruction project, Parks Highway to Old Glenn Highway, will reconstruct the Glenn Highway from milepost 34 to 42 to accommodate increasing traffic. It will add lanes and separated pathways, widen shoulders, accommodate turning movements at designated turn pockets, and add other traffic and safety improvements.

The scope of this project includes a re-evaluation of the section from milepost 34 to 42 of the 1993 Glenn Highway Parks MP 35 to MP 109 Environmental Assessment. In addition to traffic analysis, the team will examine changes in the area such as recent land development and the State Historic Preservation Office's efforts to designate the highway as a historic corridor. Re-evaluation of the 1993 environmental assessment may result in a need to create a new environmental document to address current impacts and their mitigation.

### Schedule

July 2008 to July 2009 — Environmental Document re-evaluation  
July 2009 to May 2011 — Project Design (future funding dependent)  
Dec 2009 to Dec 2010 — Right-of-way acquisition (as necessary)  
July 2011 — Construction begins (dependent upon future funding)

### For more information

Visit the Mat-Su Transportation Fair, 4-9 p.m. Sept. 25, in Raven Hall/Hoskins Building at the Alaska State Fairgrounds to learn more about this project and many others under way in the Mat-Su Borough.

Contact the Glenn Highway Reconstruction project team members with questions, concerns, comments or compliments any time. You can also visit the Web site at [www.brooks-alaska.com/glennhighway](http://www.brooks-alaska.com/glennhighway).
