

Glenn Highway MP 34-42 Reconstruction

Parks Highway to Old Glenn Highway
ADOT&PF Project 58104/ Federal Project NH-0A1-5(24)

This meeting will provide an update on the project. Design is underway to add lanes, widen shoulders, accommodate turning movements at designated turn pockets and other traffic and safety improvements on the Glenn Highway from MP 34 (Glenn/Parks Interchange) to MP 42 (Arctic Avenue). If you drive the Glenn Highway or own adjacent property or a business along on the corridor, the team wants to hear from you. The improvements are needed to accommodate increasing and projected traffic.

The meeting will be in an open-house format so that you may stop by anytime during the scheduled hours. Project staff will be available to discuss, answer questions, and take your comments.
