

## Glenn Highway MP 34-42 Reconstruction

Parks Highway to Old Glenn Highway  
ADOT&PF Project 58104/ Federal Project NH-0A1-5(24)

The Glenn Highway MP 34-42 Reconstruction, Parks Highway to Old Glenn Highway project, proposes to reconstruct the Glenn Highway from milepost 34 to 42 to accommodate increasing traffic demands. The project would add more lanes, widen shoulders, install turn pockets, provide a separated pathway and address other traffic and safety issues. The project includes a re-evaluation of the 1993 Glenn Highway Parks MP 35 to MP 109 Environmental Assessment and Finding of No Significant Impact for the section from milepost 34 to 42.

Your input during design will help us determine the scope of this project. Tell us about your needs, issues and concerns at the Mat-Su Transportation Fair, where you can learn more about the Glenn Highway project and many other transportation projects under way or coming to the Valley.
