Comments:

Notes:

1. Stakeholder interview/updates in person with ASD & Mears principal, PTA, Dimond & Victor intersection businesses, Bayshore/Klatt and Sand Lake Community Councils, Key commenters from previous phase of project.
2. Project includes design phase activities for Victor Road Reconstruction. Deliverables include a public involvement worksheet, Draft and Final Design Study Report, Utilities Report and Construction Documents (Plans, Specifications and Estimates). An environmental document is in place and will be reevaluated prior to starting right-of-way acquisition. Permits will be in place and Erosion Sediment

Original: Project Manager

cc: Area Planner, Environmental Analyst, Central File, Consultant

Control Plans (ESCP) and Environmental Commitments Memorandum (ECM) will be prepared prior to authority to advertise. Public involvement records will be kept to support environmental re-evaluation and Title VI reporting requirements. Web site will be hosted at www.brooksandassociates.info/victor/.

Issues Anticipated: right-of-way, driveways and access, trails and pedestrian/bicycle facilities, context sensitivity, stream impacts, maintenance, speeding, construction impacts, project restart.

Internal Stakeholders: ADOT&PF, Environmental, Maintenance & Operations

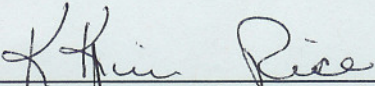

Agency Stakeholders: MOA, FHWA, COE, ADNR, MOA

Utility Stakeholders: Chugach Electric Association, ACS, GCI, Enstar, AWWU

Public Stakeholders: Adjacent property owners, road users, Anchorage School District for pupil transportation, area residents, maintenance personnel, bicyclists and pedestrians, etc.

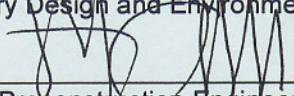

Potential Under-represented Stakeholders: Children, low-income, seniors

Approval:
